Receiving end

Function Description

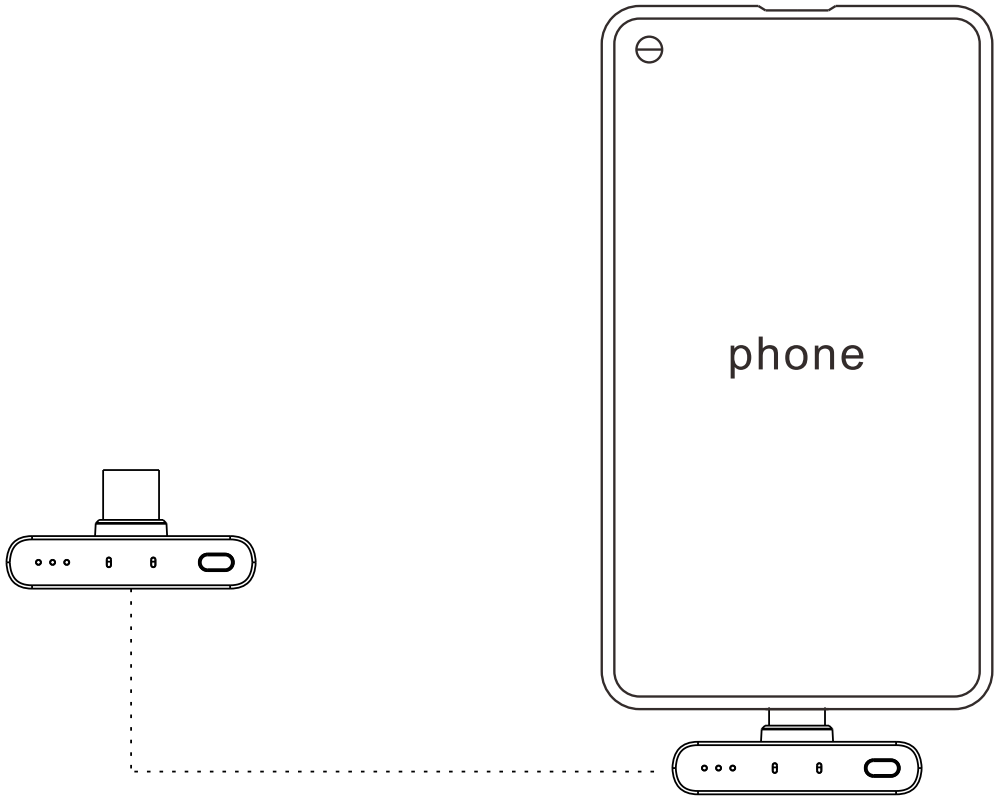

① Power on/off button
② Noise reduction button
③ Pickup microphone
④ Microphone clip
⑤ Charging and monitoring headphone interface
⑥ Connection and charging indicator light
⑦ Noise reduction indicator light
⑧ Reverb indicator light
⑨ Microphone off indicator light
⑩ Volume switch button
⑪ Connection indicator light
⑫ Volume indicator light
⑬ Lightning interface
⑭ Type-C interface
⑮ Charging interface
⑯ Charging case power display

Usage Method

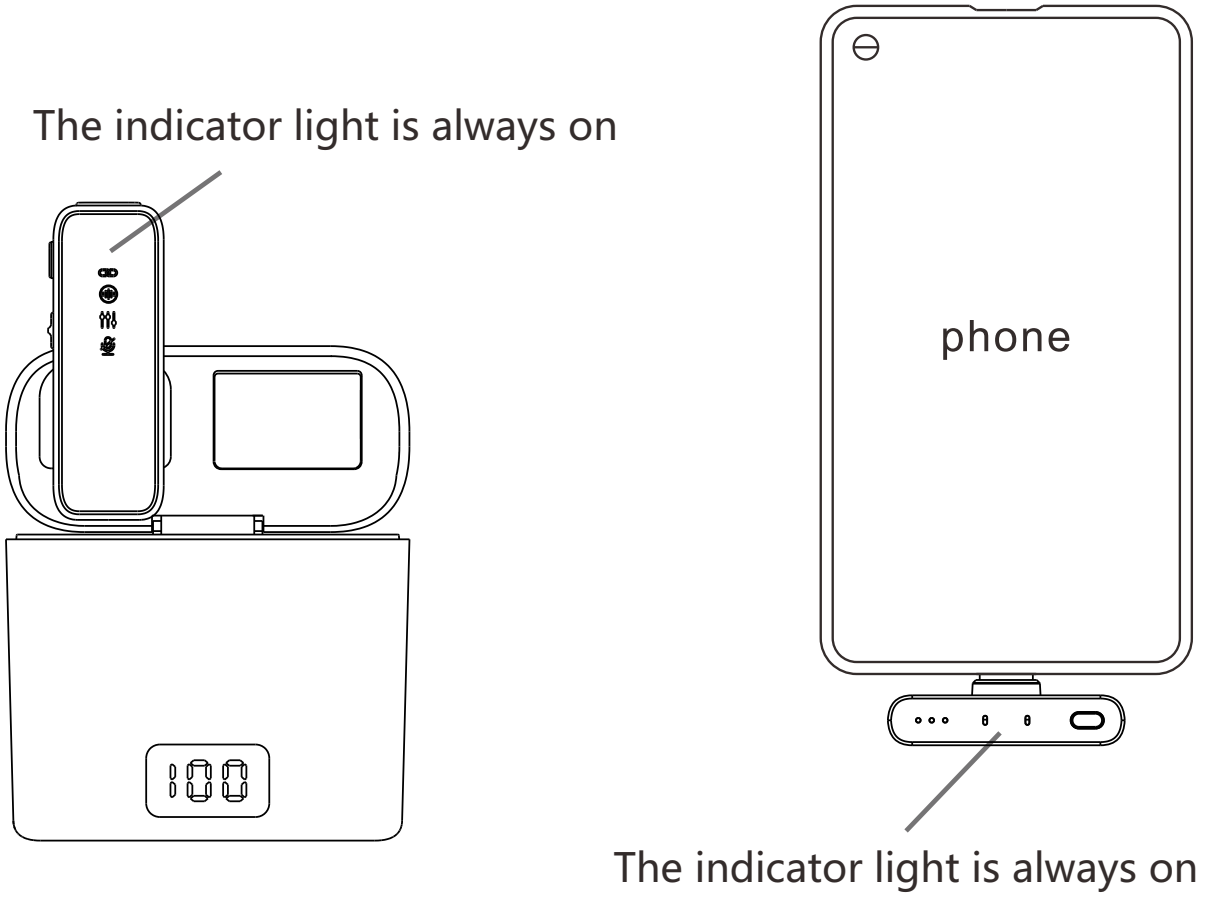

Step 1: Connect the receiver to the mobile phone interface.

Note: OPPO / VIVO / iQOO / Realme and brand mobile phones that cannot be connected can be used normally in the mobile phone settings (search for "OTG" and turn on the OTG power supply).

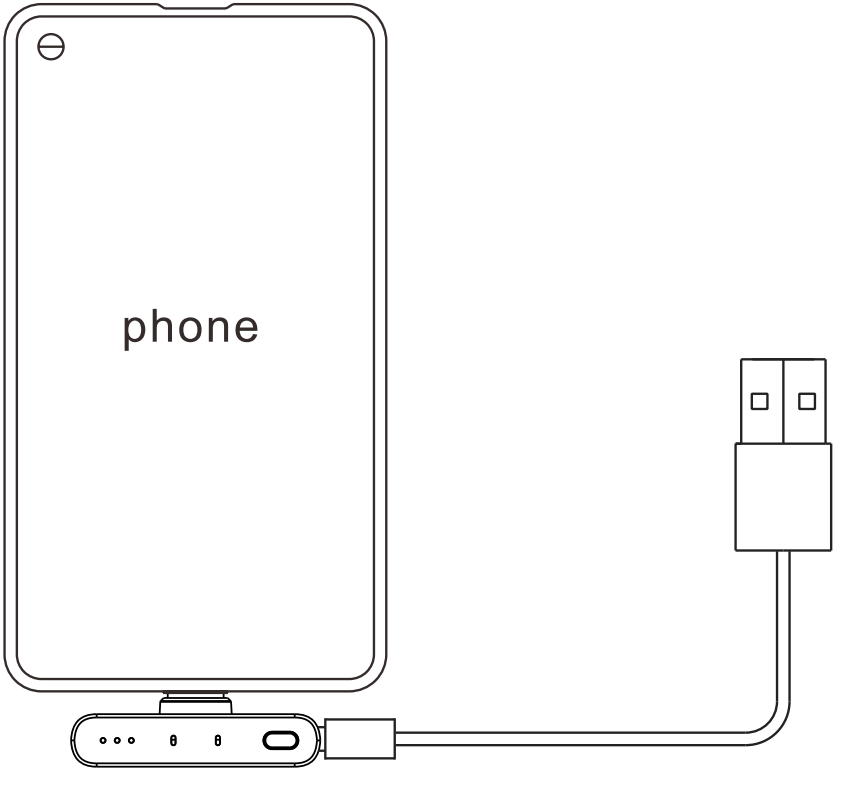

Usage Method

Step 2: Take the microphone out of the charging case, and the connection indicator light will be on for a long time to use the microphone to receive audio.

Special Notes

Usage method of the charging interface on the receiver: In case the power of your mobile phone is insufficient when shooting short videos or doing live broadcasts, you can charge the mobile phone through the interface on the receiver.

UI Functions

Microphone

Charge	Insert the charging cable	The single digit on the display flashes
Fully charged		The display is 100% always on
Low battery		When the battery is 5%, the single digit flashes slowly
Discharge		Always on to display real-time power

Headphone monitoring	The microphone can monitor at the same time (adapted to TYPE-C analog Interface headphones)
Sound delay	≤25ms(18-22ms)
Microphone	-34±2DB omnidirectional
Frequency response	20Hz - 20kHz
Sampling rate	44.1kHz（32kHz noise reduction）
Signal-to-Noise Ratio	≥70dB
Working current	≤12mA
Single microphone battery life	9 hours
Battery life with dual microphones at the same time	With the charging case, the longest battery life is more than 33 hours
Microphone battery	110mAh
Case battery	300mAh
Case battery life	Can charge two microphones 2.7 times at the same time
Case input voltage	DC4.5-5.2V (support fast charging adapter)
Adapter	5V/1A
Operating temperature	-10℃-50℃
Dimensions（mm）	Microphone：46×16×10 Receiver：42×15×7.5 Charging case：58×62×27
Weight	Microphone: 10g Receiver: 5g Charging case: 40g

Packing List

1. Microphone
2. Receiver
3. Charging case

   (some models do not have a charging case, the actual product shall prevail)
4. Type-C charging cable
5. User manual
